

# BE BRAVE. BE KIND. BE BOLD FOR CP

Join the Make Lemon Aide Foundation in making an extraordinary impact at Laps of Love.

We're calling on sponsors who lead with courage, compassion, and conviction. Those who aren't afraid to Love BOLD for individuals and families affected by cerebral palsy (CP).

With your fearless support, our ambitious goal of \$200,000 is within reach. Together, let's take bold strides toward making life-changing therapy possible.

## A CELEBRATION OF STRENGTH, UNITY, AND JOY

Laps of Love is a family-friendly day of connection and celebration, featuring a 5K Run/Walk/Roll and a 1-mile honorary walk to honor our CP Warriors and their families.

Held at Terminal B at the Buffalo Waterfront, our fully accessible, paved course welcomes everyone, including those using wheelchairs, walkers, and other mobility supports.

## YOUR BOLD SUPPORT CHANGES LIVES

Proceeds from Laps of Love provide grants for advanced physical therapy, giving children and adults with CP the opportunity to improve strength, mobility, and independence.

In 2025, our foundation awarded \$155,000 in grants, but the need continues to grow. **With many insurance companies cutting back on physical therapy coverage, families are relying on us more than ever.** Your sponsorship ensures that no one faces these challenges alone. You're helping turn bold dreams into real progress and real hope.

## WHERE EVERY STEP TELLS A STORY

One of the most inspiring traditions at Laps of Love is our Honorary CP Pinning Ceremony, where each CP Warrior receives a meaningful pin to represent being a part of our community. This year our pinning ceremony will also be accompanied with our newer Heart Signs, where all race participants hold up their various colored heart signs to show their personal connection to CP and where they belong in the CP movement.

## ABOUT OUR FOUNDATION

*Established in 2013 by Lauren Walier, the Make Lemon Aide Foundation for Cerebral Palsy is a 501(c)(3) nonprofit organization that aims to raise awareness of Cerebral Palsy, unite the CP community, and expand access to cutting-edge treatments.*
